

We are still open. Government advice is to still attend medical appointments.

Greetings!

Following the breaking news that we are entering another national lockdown, we want to reassure all of our patients that it is still safe and essential to attend the dentist for both routine and emergency treatment. We are still here for you and will remain open throughout the pandemic and following Government advice, urge patients to still attend all medical appointments.

Your well being is our utmost priority. All of our staff are highly trained in infection control techniques and the practice has been adapted to deal with the current situation.

We are fully provisioned with PPE and have rigorous protocols in place to protect patients and staff, and along with all primary healthcare settings, and expect to remain open throughout the pandemic.

Kind regards

Julian, Ian, Wail and Cyrus
