

Our protocols remain unchanged as restrictions ease

As the roadmap out of lockdown progresses with the national easing of restrictions, we would like to reassure you that our procedures to keep you safe at Devonshire House remain unchanged. The risk of virus particle contamination is still managed carefully in all areas of the building and surgeries and our protocols will stay the same until Government guidelines allow us to reduce our layers of PPE.

On arrival at the practice we kindly remind you to wait in your car and call us to say you have arrived. Unless you are exempt from wearing a face covering, please continue to wear your face mask in all areas of the practice prior to and following your treatment.

We continue to work hard to ensure that your visit to Devonshire House will be a pleasant, effective, and most importantly a safe experience and look forward to welcoming you again soon.

Kind regards
Julian, Ian, Wail and Cyrus
The Devonshire House Specialist Clinical Directors
