

A message from the Partners at Devonshire House

Dear Patient,

We wanted to send out a short note to you during this strange period of time. It goes without saying that we are dealing with an unprecedented situation; a scenario that none of us have had to deal with on this scale before, and of course it is causing great anxiety locally and around the world.

Temporary Closure

It is with immense sadness that from today, we are closing the practice for the foreseeable future. Following guidance from the British Dental Association, we will be unable to provide you with routine dental care until further notice. With immediate effect, we can only offer you and our existing patients, emergency dental care via an on-call service.

If you are due to visit us before the end of April, our reception team will be calling you to cancel your appointment. If you have an appointment from May onwards, we will contact you nearer the time to advise you accordingly.

Emergency Treatment

Our on-call team are there for serious dental emergencies only, so please only call us if:

- you are in severe pain
- are suffering from facial swelling
- you have suffered trauma to a tooth or teeth

For an emergency appointment call us on 01223 245266. Information on how to proceed with an appointment will be detailed in a recorded message on our answer phone.

Further information on our current procedures when treating emergency patients can be found on our website.

Emergency appointments during our temporary closure

During our period of closure, we will be in regular contact with our entire team and will update you with information via our website and Facebook.

We want to reassure you that whilst the immediate period may be one of uncertainty and difficulties, we are confident that with the support of our incredible team, we will emerge from the present situation and be there to welcome you back to "Devonshire House" in the future.

Stay well.

With our very best wishes,

Julian, Ian, Wail and Cyrus
