

Greetings!

I sincerely hope that you and your families have kept safe and well during this ghastly global pandemic. It is shocking to see the disruption caused by the Covid -19 virus. As you are aware, this has not escaped the daily practice of dentistry.

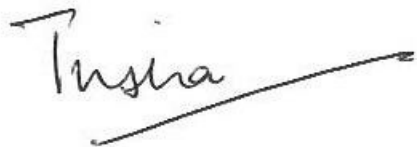

I have been so very fortunate to have had 42 healthy, varied and uninterrupted years of working; initially serving the NHS in the teaching hospital environment and since 1985, 37 happy years providing specialist periodontal care at Devonshire House. I am proud to have been a part of the development and growth of a well respected specialist practice with a strong reputation for excellent patient care.

Having reached 63, as yet 'unscathed' and approaching my sunset years, I'm sorry to say Covid -19 has presented rather too many obstacles regarding my 'modus operandi'. It is with great sadness that I have made the decision not to return to work after this enforced lockdown.

It has been my privilege to care for you during my time at Devonshire House, and I dearly hope that I have been of some help in improving not only your periodontal health but also your overall wellbeing. If you can remember but just one of my 'mantras' it would be: 'treat your body well, give it a healthy environment and it will serve you well'.

I will honestly miss you, but I am reassured that Devonshire House, with my colleague Dr. Puneet Patel, will continue to fulfil your treatment needs and I whole-heartedly recommend you to their care. The practice will be in touch with you soon to ensure this smooth transition .

My sincerest thanks, goodbye and best wishes.

Tina
