

## Fee increases for some appointments from 1st July

First of all, we would like to thank you for choosing Devonshire House for your dental care. It has been a pleasure to take care of your teeth.

In recent months, we have worked hard to consistently manage supplier costs wherever possible, in order to minimise any price increases. However, in recognition of the current trading conditions and global challenges, we are increasing some of our fees to continue to provide the highest standard of dental care that we are all used to.

This means that from 1st July 2022, we will be increasing our fees except for routine check-ups with our Dentists where the fee will remain the same.

### Ongoing treatment prices

If you have commenced treatment prior to 30th June 2022 previously quoted prices will be honoured. In addition, if you have received a treatment plan but not yet started treatment, prices will continue to be valid for six months from the date of issue.

### Fees for emergency appointments with our Dentists

From July, our fees for emergency appointments will be charged at £580 per hour. Your appointment will automatically be booked for 1 hour, however your treatment may not require the full hour, in which case you will be charged the pro rata amount of £580 according to your appointment length.

### No more AGP fees

At the beginning of the pandemic we introduced an additional £30 charge to aerosol generating appointments to help cover the cost of all of the new safety measures we had introduced. From July we will no longer be charging this additional amount, as our team will be reducing the amount of plastic disposable PPE they use and wear.

As always, we are committed to providing you with excellent dental care and if you have any questions, please do not hesitate to contact a member of our reception team on 01223 245266. Please click on the button below to view our new fee schedule from 1st July.

We wish you well and look forward to seeing you at Devonshire House again soon.

Yours sincerely  
Anne Griffiths  
Practice Manager
