Introducing our new dentist and surgeries

Dear Clinicians,

We appreciate that over the last few months your patients have been waiting longer than normal to see us for treatment and we thank you for bearing with us. We are delighted to share with you news of how we have increased our appointment capacity as we welcome a new dentist to our team and start treating patients in our two additional surgeries.

Please share this email with your wider practice team to introduce them to our new Specialist Prosthodontist and read on for news about how we are forging links in the the community within Dentistry and beyond.

The Devonshire House Team

Sumeet Oberai our new Specialist Prosthodontist welcomes your referrals

It is with great pleasure that we welcome Specialist Prosthodontist Sumeet Oberai to Devonshire House. Sumeet joins our team at Queen Edith's Way offering both general and specialist dentistry and brings with him a wealth of experience.

If you don't have a specific Prosthodontist in mind, we recommend referring to Sumeet who will be able to accommodate your patients with a minimum waiting time.

New Garden Surgeries

It has been an exciting few weeks for us at our main practice, as we have started treating patients in our fantastic new garden surgeries. Comprising of two large surgeries and a sterilisation room, our new build takes us to 14 surgeries across both of our practices enabling us to continue our expansion plans and increase patient appointment capacity.

Come and see us at The East of England Dentistry Show Saturday 1st October East of England Arena, Peterborough

We invite you and your team to join us at this inaugural event where we will be exhibiting and lecturing.

Come and chat with our Specialists to find out how we can support your practice as a specialist referral centre to offer a partnership in dental care.

Technicians from our full service dental laboratory will also be on hand to discuss the technical support we can provide.

[Book your free ticket](#)

We would love to see you on our stand or at the Clinical Lecture theatre where our Specialists will be presenting challenging cases and tips on how to proceed.

Help change the future of children's oral health - partner a local school

You may have recently read in the dental press about our team member Jo's Awesome Oral Health campaign to facilitate partnerships around the UK between schools and dental practices.

The Raisin Awareness project started when Jo set up a collaboration with her daughter's primary school where Devonshire House funds tooth-friendly vegetables to replace dried fruit snacks given out six times a year by the School Fruit and Vegetable Scheme.

As well as the Raisin Swap, the project has resulted in the children and families being more aware of the importance of taking care of their smiles and regularly visiting a dentist.

With support from BDA, BSPD, BASCD, BADN, BSDHT, BADT and the Oral Health Foundation this social enterprise is keen to share the rewards on offer to all practices.

If you'd like to get on board and partner your local school, click on the button below to find out more.
